THE FARM SHARE

Welcome! Enjoy a fresh, organic, local collection of produce from Chinook Farms each week, June–October. The farm share program spans 22 weeks and begins the first week of June. This year, we are offering two pick-up days at the farm. Please choose Wednesdays or Fridays as your main pick-up day below when signing up! Each week you will find a variety of delightful, nutrient-dense, seasonal vegetables in your box. Because operating expenses are heightened at the beginning of the season for purchases such as seed and soil amendments, your early payments are greatly appreciated! Thank you for supporting us!

Benefits include:

- Join an important growing movement to support local, sustainable agriculture in Snohomish County. Know your farmers!
- 10% discount for early sign up (May 15th) or customer referral
- Option to pick your own seasonal flowers and herbs
- First priority in ordering our Grass Fed Beef and Pastured Poultry (please call for details)
- Connect with your community through farm events and volunteer opportunities
- Receive a weekly newsletter highlighting current happenings at the farm, delicious recipes, and other food news

FARM SHARE OPTIONS

SEND PAYMENTS TO:

Chinook Farms
18507 Waverly Dr
Snohomish WA 98296

The Guarantee

If for any reason we experience a major crop failure, we will refund your money (on a pro rata basis) or you may choose to apply the credit to the 2013 season. It is our mission to provide a fair volume of healthy, organic produce for a fair price. By joining a Farm-Share Program program, you not only support a local farm, but as a member, you also accept the seasonal variability that the farmers endure. Please keep in mind that a wet and cold spring usually means a slow start to the season, and your June shares may reflect this. However, with August/Sept comes an overwhelming abundance and diversity of veggies, and your boxes will reveal this bounty!
